

Figure B517 ECO-Centric®

Full Flow Round Port Eccentric Plug Valves

MJ or Flanged for Buried Service

Description

The GA Industries Figure B517 ECO-centric® Eccentric Plug Valve is a rugged, field-proven valve that will provide many decades of trouble-free service. Its flow efficient round port provides lower head loss, higher capacity and better solids handling ability than a standard rectangular port plug valve. In addition, the epoxy coated ductile iron body and cover provide superior strength and long-term corrosion resistance while the spherically seating rubber coated plug provides drop tight shutoff in both directions.

Figure B517 buried service eccentric plug valves are available with a 2" direct nut for quarter turn wrench operation or a grease packed and sealed buried service worm gear operator with 2" nut.

Standard Features

- Internal and external epoxy coated, high strength ductile iron body and cover
- Flow efficient round port, averages 50% less head loss than standard rectangular port plug valves
- Bi-directional zero leakage seating up to full rated pressure
- Upper and lower grit excluders for extended bearing life
- Type 316 stainless steel external fasteners, including packing studs and nuts

Standard Materials

- Body and Cover Ductile Iron, ASTM A536 Grade 65-45-12
- Body Seat Weld Overlaid 95% Pure Nickel
- Plug Coating Buna-N Rubber
- Shaft Bearings Stainless Steel, Type 316, Self Lubricating
- External Fasteners Type 316 Stainless Steel

Corrosion Protection

- Standard: Internal and External PPG/Amerlok 400 2-Part Epoxy, Minimum 6 mil DFT

Data Sheet 517.02D

Approvals & Certifications

- Fully complies with AWWA Standard C517

Ordering Data

- Figure Number B517
- Size
- Connection (Mechanical Joint or Class 125 flanged)
- Operation (Direct Nut or Worm Gear)

Non-Shock Working Water Pressure up to 180F (82C)						
Figure Number	B517					
Connections	ANSI A21.1 Mechanical Joint			ANSI Class 125 Flanged		
Operation	Direct Nut*	Buried Service Worm Gear with 2" Nut		Direct Nut*	Buried Service Worm Gear with 2" Nut	
Size	3" to 8"	3" to 12"	14" to 20"	3" to 8"	3" to 12"	14" to 20"
